CANADA-NEW BRUNSWICK JOB GRANT (CNBJG)

SOLIDCAD CAN SUPPORT YOU

We encourage businesses to take advantage of the Job Grant available, providing direct financial support to employers who wish to purchase training for their employees.

SolidCAD supports various government programs to boost productivity through technology adoption. Our training facilities are accredited by the Labor Market Commission and all of our courses meet the requirements of the Act.

The Canada Job Grant helps employers train new or existing employees for jobs that need to be filled. This flexible program is designed to meet the needs of businesses of all sizes, in all industries and regions. Having the right skills helps employees excel and succeed in today's fast-paced labour market.

- The program provides funding to eligible businesses and organizations to train individuals who are being considered for an available job in their company and/or to improve the skills and opportunities of their new or existing employees.
- There are Two levels of funding available:
 - Level 1 provides 50% funding, through a reimbursement of eligible training costs based on the program consultant's assessment.
 - Level 2 provides 25% funding, through a reimbursement of eligible training costs based on the program consultant's assessment.
- The applicant must financially contribute towards the eligible training costs. The contribution amount is based on the department level of funding.
 - The minimum eligible cost per training, per fiscal is \$500.
 - The maximum government contribution per employer, per region, per fiscal year is \$40,000.

“

I have used SolidCAD for the last four years, since purchasing several new software products that required training and upgrading of staff skills and knowledge. I have found the trainers to be professional, knowledgeable and very personable/approachable.

They made the training sessions both informative and interesting while at the same time being efficient, well developed and progressive in a way that was well calculated. The training has resulted in a direct increase in productivity, which in turn increases staff morale and management satisfaction.

I would definitely recommend SolidCAD to other companies/businesses looking for a training provider to aid in their successful bottom line.

”
