Complete course listing: www.solidcad.ca/training

Course Description:

The FME Server REST API training teaches FME users how to master the FME Server REST API.

During training, participants are instructed by an experienced trainer, who uses practical exercises to impart knowledge interactively and who can respond to individual questions at any time.

Learning Objectives:

- Understand REST architecture and how to create calls
- Integrate the FME Server REST API into a workspace
- Utilize the FME Server REST API calls to complete Server Administration Tasks
- Learn how to properly use the FME Server JavaScript API
- Build web applications to view or process data

Supplemental Learning:

- FME Server Authoring
- FME Server Administrator
